Hey guys,

This is the little guy, we love him so much and are having the best time with him. His favorite activities so far are playing with his toy hippo (more like attacking him) and chewing on anything and everything. He is a frisky puppy with a lot of personality. A few laps around our condo and he is down for the count. Matt's parents got him the cutest dog jacket; he still needs to grow into it but he will be one stylin' pup. Baxter is also a fan of being a couch potatoe with Matt, and loves to lounge belly-up in his bed. Baxter is going to be an adventure, and we will keep you in the loop as he grows up!

Thank you so much!

Heather and Matt
