

Hey Mark and Deb

So me and Nadine got this little guy from you when he was 6 weeks old in June and now duke is just over 5 months with about 16 pounds on him now lol. He is really healthy and such a loving dog with allot of energy to spare. We put him through puppy school which he excelled at, he's such a smart dog and the trainer just loved him. Everyone says how cute he is and how full of energy he is, he loves doing the Indy 500. We couldn't have asked for a better dog, he's really affectionate, really smart, loyal and loves being around other people and loves playing with other dogs excspecially big dogs he has the most fun with them. Just wanted to say thanks for giving such a special, funny, loving, outgoing and smart little guy Adam and Nadine
